THE RISE OF A PRIME DESTINATION: KHARGHAR

The growth story is fuelled by recent developments in roadways, metro lines, the Navi Mumbai International Airport and the announcement of the BKC 2 commercial district right next to Gemstone. The future looks very bright, with Kharghar poised for an estimated 50% appreciation from 2023 to 2028, solidifying its status as a prime investment destination.

Gemstone, located on the Old Mumbai-Pune Highway, is the next destination to showcase exceptional growth after the Thane-Belapur belt which is headed towards saturation.

The strategic highway will act as a lifeline, facilitating the further development of urban infrastructure. Besides, its seamless intersection with pivotal high-ways like NH-160 and the Mumbai-Pune Expressway facilitates effortless commutes across the city's expanse.
